Dr. Eric Sandwith
Northwest Florida Heart Institute
1032 Mar Walt Dr., Suite 230
Ft. Walton Beach, FL 32547

Dr. Sandwith,

I wanted to take this opportunity to thank you, Kip, Craig and your entire staff for the exceptional care you provided for me and my family during my stay at the Ft. Walton Beach Medical Center. When [REDACTED] and I left to take our vacation little did we know that I would end up in your care.

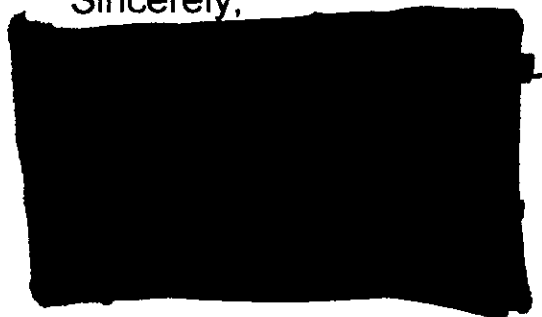

During my stay at the Hospital I was asked every day to rate my pain from 1 to 10. With that in mind, I will always rate you and your staff with the highest and best, a constant and continuing 10+.

I so much appreciated you and your team's down to earth approach and your willingness to actually take the time, each and every time you came to see me and my family, to sit down and talk about what was going on. None of you ever gave the impression you were in a hurry to leave and that meant a lot.

The professional and caring attitude of you and your team was truly a blessing from God. When I came to your office and saw the picture "Chief of the Medical Staff" hanging on your wall, I had no doubt God had placed me in your hands.

The trip home was exhausting but we made it. I really don't have the words to adequately express my appreciation of and thanks to you so I'll just end this by saying thank you for all that you did for me and my family.

Sincerely,

A large black rectangular redaction box covering the signature area.
